STONEWORLD SUPPLY™

An **Outdoor Living Supply™** Company

Stoneworld Supply started in Mapleton (Utah) back in 2003 and, in subsequent years, opened additional locations in Ogden (Utah) and Rexburg (Idaho). Over our history, Stoneworld has grown into a leading distributor of natural stone, masonry, hardscape and landscape supplies thanks to our quality products, operational expertise and focus on providing the highest level of customer service. We are proud of our expert staff – they are an excellent resource during the design process. Our savvy team, along with our carefully curated showrooms, simplify identifying the perfect products for your next project.

In addition to servicing our local communities, we also actively work with design professionals and homebuilders throughout the country – helping them create something distinctively beautiful. We make it easy!

In May of 2023, Stoneworld Supply joined the Outdoor Living Supply family of companies, giving our customers access to new products and services.
